

## **ENVIRONMENTAL CONSULTANT**

*Based in Stromness, 37½ hours per week, Salary to be determined based on qualifications, skills and experience inc. pension*

Over the last 18 years Aquatera has established itself as a pioneering environmental and energy consulting organisation with a leading position in offshore renewables. It is an award winning company with significant achievements at home and worldwide. Aquatera's environmental work includes:

- Environmental Impact Assessments and planning support
- Strategic Planning and Roadmapping
- Environmental surveys and monitoring
- Strategic research management
- Public and stakeholder communications

A core component of Aquatera's business is supporting energy and infrastructure developers through the consenting and EIA process. Aquatera also operates at the cutting edge of environmental research, specialising in the sustainable management of the marine environment.

We are seeking to recruit junior Environmental Consultants who will be skilled, enthusiastic, competent members of our successful team. We are looking for people with plenty of drive and initiative based on sound knowledge and experience of the renewables sector. This is an ideal opportunity for high achieving individuals with relevant experience, who work well with others and are quick to learn.

Our Environmental Consultants undertake an active role in all environmental projects and in supporting all elements of the business. Their work is based upon sound principles of environmental stewardship and sustainability with a focus on helping our clients successfully achieve their objectives.

You will have:

- Knowledge/ experience of the renewables sector
- Suitable qualifications in a relevant discipline
- Responsibility for producing reports
- Understanding and experience of the EIA process
- An ability to work under pressure and to tight deadlines
- Effective interpersonal skills to work with clients, stakeholders and regulators
- A role in the promotion and sales of the organisation

Please apply by sending your cv and a comprehensive supporting statement outlining your skills, knowledge and experience and how these best fit with Aquatera to:

gaynor.jones@aquatera.co.uk or post to:  
Aquatera, Old Academy Business Centre, Stromness, Orkney,  
KW16 3AW

Tel. 01856 850088 if you wish to discuss further

**Closing date for applications: Friday 16<sup>th</sup> March 2018 at 5pm**
